

CROFTS & ASSINDER

EST. 1875

For over 150 years, Crofts & Assinder has been designing and manufacturing exceptional cabinet handles and luxury fittings from the heart of Birmingham, England.

Established in 1875 by George Crofts and Frederick Assinder, the company has a proud history of dressing some of Britain's most iconic buildings and furniture, as well as prestigious hotels, luxury cruise ships and international landmarks.

Today, Crofts & Assinder has become one of the leading and most respected hardware brands for kitchens, bedrooms and bathrooms and the instinctive choice for stunning design and uncompromising quality.

Our rich British heritage, timeless design and exceptional craftsmanship are reflected across two distinctive brands: Special Works, offering luxurious solid brass hardware in a range of bespoke finishes, and Style Guide, delivering exceptional quality and value for the refined contemporary market.

With an in-house plating facility at our Birmingham factory, Special Works pieces can be made to order in a variety of finishes, with bespoke colour matching available on request.

Our handles are now sold across the globe, supported by a dedicated international team and a commitment to quality that has stood the test of time.
